## PRESS RELEASE

To the community of Metcalfe County, I want to first of all say “Thank you” to everyone for your continued efforts in working together and being good neighbors. Please know that I as your County Judge, along with other county officials and the office of Metcalfe County Emergency Management, are staying informed of the progression of the COVID-19 situation throughout our county and state. We will continue to pass all information along to all community members of Metcalfe County as we are working together to help keep you informed. Again, I would like to remind everyone to check on your neighbors and the elderly. Please do this by practicing social distancing and/or a phone call. We want to make sure everyone has their essentials such as medications and necessary items for everyday life. We have also set up a Hotline through Emergency Management that any Metcalfe County resident may call if they are in need of any essential item. The number is 270-404-3059. By now, everyone should be following all the guidelines set forth by Governor Beshear and we continue to stress to STAY HOME if you do not have to be out. We need to keep working together as a community in order to safely get through this difficult time, and I hope everyone stays safe and healthy.

Metcalfe County Judge Executive

Harold Stilts
