PRESS RELEASE

County Government provides necessary services to the people; therefore, Metcalfe County Government Center will remain open and staffed throughout this COVID-19 health emergency. Metcalfe County offices will be available online and by telephone for all of your business and personal needs. However, the office building will not be accessible to the general public, in order to maintain social distancing to provide for the continued health and safety of county employees and the people of our community. Beginning Thursday, March 19, 2020, the Metcalfe County Government Center will be accessible to staff and employees of Metcalfe County Government only until further direction from the Governor's Office. Please contact these offices for all of your county assistance. Please see county office websites and social media for details. Feel free to call the office that provides the assistance you require. Some of the services provided by county government may require a personal visit. Preparations are being made in each department to accommodate these services, whenever possible. For personal access to services that require face to face contact, please call the appropriate office for an appointment. We cannot allow crowds or long lines to develop in our offices. Therefore, please do not come to the Metcalfe County Government Center without calling beforehand, as you may not be able to get immediate assistance.
